LIFE SCIENCES

Exploring! Never Ceasing! TAG44's Popularity goes on Increasing!

The Life Science Industry!!

Organizations succeeding in today's global life science industry, strive hard to develop and introduce unique methodologies, innovations and technologies. TAG44 understands the importance of the Life Science Industry to the entire human race. Right from the first baby steps up to the final run, TAG44 is always there to help out the clients with their staffing needs. We bring a diversity and depth of knowledge for clients ranging from manufacturers of medical devices and biotech or pharmaceutical products right up to the leading research institutions.

Businesses prosper with the right talent and this talent is what we offer. We pay attention to the minutest details and just pick the right

candidate. At TAG44 we work for people and organizations that improve, elongate and save human lives.

Company Profile

TAG44, a well established staffing solutions company looks into the Life Science Industry's staffing requirements. The company, headquartered in Miami, Florida is the most renowned and popular staffing firm in the entire USA. Recruitment, training, development and deployment of in-house personnel to meet regulatory compliance requirements are a time consuming and costly affair. The team at TAG44 has vast industry knowledge and has several years of experience in life science. With Motivation and Commitment we

accomplish every task successfully.

TAG44 is a single source provider for high value IT, Finance, Life Science and Professional staffing solutions. Within a short span of time, we have achieved great heights.

We strongly believe in diversity in business.

Our recruiting system encompasses a wide variety of resources to ensure

our clients have access to a talented and diverse candidate pool for their employment opportunities. Our recruiting process comprises of 4 key components: Sourcing, Screening, Reference/Background Check and finally recruiting.

With constant contact with the client, even after the candidate is hired, TAG44 believes in developing healthy business relationships. Our team has hands on experience in the Life Science Industry coupled with our hi-tech sourcing and recruiting strategies, delivers targeted, highly qualified candidates in a timely manner.

Life Scientists – Our Professionals

TAG44 is committed to providing staffing services in a manner that produces recognizable value to the clients. Our firms candidate database exceeds 1,00,000. The Life Science Industry shoulders the responsibility of developing the safest products which enhances the living standards; hence the selection process of candidates here is rigid as compared to other industries. Life Sciences mean the science of life. The Life Science industry requires perfection for the survival of a company and the well being of its end users. TAG44 holds an esteemed position in the eyes of those satisfied clients we serve.

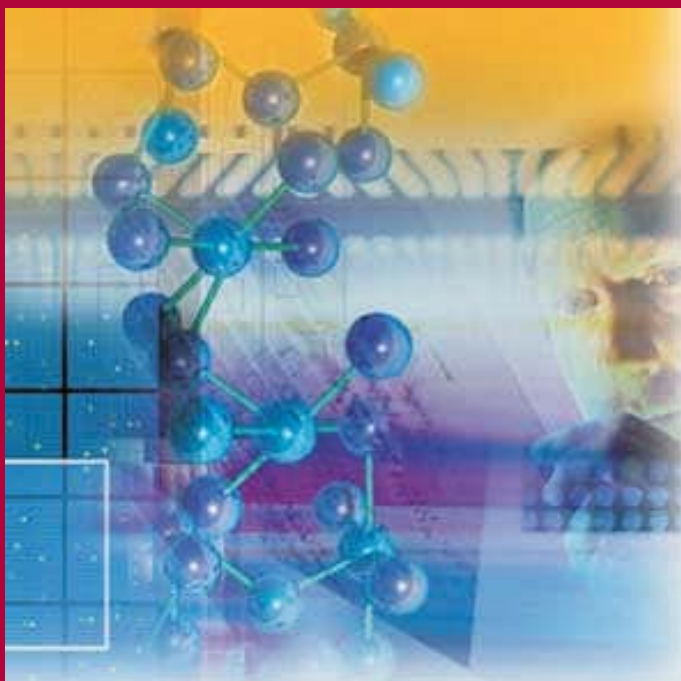

Our professionals dedicated to the life science staffing have been life scientists, who have shifted from the academia into commercial science. Having hands on experience and having worked as a life scientist our professionals understand the challenges within the industry. Our professionals draw upon the wealth of experience and expertise from inside the industry through which they focus, analyze and segregate the best candidate suiting the requirement.

Our Resumes

With TAG44's experience, professionalism and business approach you will find our resumes are the most appropriate for your business. TAG44 provides you access to the most qualified candidates whose contribution to your firm, will drive the life sciences industry from proven standards to the latest cutting edge innovations. The resumes we scrutinize and send to you are the ones shortlisted by our life science professionals coming from a scientific and medical background. We receive candidate resumes from many walks of life, but those intense, dedicated candidates are the ones we source, screen and recruit. The number of recruitment firms in this world exceeds the numbers on our finger tips. In such a competitive scenario, choosing a specialists staffing firm makes sense. We don't send you resume which leave you baffled, instead our resumes are noticeable and a perfect fit in your organization.

We are on a one on one correspondence with the candidates and clients trying to figure out each one's specific requirements. This enables us to provide satisfactory services to both. Our promise is to provide the highest quality candidate and personalized service to fulfill the needs of dynamic growing companies.
